Minter, Douglas has shared a OneDrive for Business file with you. To view it, click the link below.

 DB.ESA.Comments and Responses 100729.docx

Hi there: here is a cleaned up version with some additional formatting and editing that hopefully is more consistent with the master RTC document.

Kimi: let us know what further comments, etc. you have.

Thanks!

Thanks Kimi: I shared the current format we are using in the master RTC document with Omar and will review his revisions before we have you review further.

Hi Omar,

I just opened the document and it looks like the first comment and response are merged and I'm not sure where the letters following the cited ESA regulation are from. Did you both look at this and it looked fine to you? Because right off the bat, there are formatting problems in my version... Each comment and response should be clearly labeled – for example. ESA Comment 1: [fill in]. ESA Response 1: [fill in] and so forth...

Thanks, Kimi
